To be Strengthened by Another Powerful Vessel.

A Trial Trip of the Massachusetts to Be Made Next Tuesday.

She Will Get Into Commission in a Few Weeks—The Frigate Brooklyn Will Be Launched in July—The Iowa Will Be Launched Sometime This Month.

PHILADELPHIA. March 13.—The United States will be strengthened by the addition of another powerful war vessel. On Tuesday next the battleship Massachusetts will sail from Cramp's ship yard on her builders' trial trip. She will be the first representative of the Cramp company no guns will be aboard, nor will the government be officially represented on the trip by any officers.

The trials will consume three days but the best part of this time will be spent in the descending to the Capes and ascending the Delaware river to the shipyards. If the trial is satisfactory the official trial of the vessel off the coast of the coast will take place in about six weeks.

The Massachusetts was launched over two years ago, and but for the delay in the completion of the armor and guns, would have been in commission long ago. She will be practically finished and if necessary could go into commission in a few weeks.

The delay for several months has been due to the non-arrival of two of the four big 13-inch guns which form the Massachusetts battery. Two of these guns are in place in their turrets, and one is now on its way here from the government proving grounds at Indian Head. The fourth will be shipped soon because the gunner who mounted the guns will be practical completed.

The Massachusetts is a sister ship of the Indiana. The big cruiser Brooklyn, which was launched last fall, is rapidly approaching completion and will be finished about the middle of next July.

The sea-going ship Iowa will be launched about the end of this month, and it is not unlikely that President Cleveland will be here to witness the ceremony. The Iowa will be present on the occasion when the Iowa is launched she will be pushed as rapidly as possible, and the Cramps expect to have her readiness for trial trip before the end of the year.

The company, however, is working zealously to get the contract for the construction of the new battleship Japan is to build and Gen. Geo. E. Willis, the Cramps agent, will sail again on the steamer leaving San Francisco next Saturday for the land of the mikado and he expects to bring back with him in his pocket contracts for several million dollars' worth of work.

AT SEA. New York, March 12.—The committee of citizens headed by the Hon. Chas. A. Dana, called to make arrangements for a reunion for confederate and union veterans which was to have been held this evening at the hall opposite of the hotel in gray and blue, which was intended to be a feature of the celebration to emphasize the disappearance of sectional feeling between the north and south, has finally determined to allow the project to die a natural death.

The Venezuela Difficulties. Los Angeles, March 12.—A question on the subject, Mr. George N. Curzon, parliamentary secretary of the foreign office stated that the government had no information of the settlement of the Venezuelan difficulties. Despite the Curzon statement, a report is credited in ministerial circles that Prime Minister Salisbury has assented to the formation of an Anglo-American commission that will be authorized to settle the dispute.

Lawyers Discontinued. Bernice, N. Y., March 12.—Two libel suits brought by Tyndale, Palmer & De Feritas against the Evening News, of this city, were discontinued in the supreme court on stipulation by the plaintiff's attorneys. A proposal to have the case tried on the merits, or on trial, was rejected. The suit, on trial, was rejected. The suit, on trial, was rejected.

British Hands Blow Off. Chicago, March 13.—The British baseball association held a meeting Thursday and elected officers. The report of the association, which was reported to have been favorable, showed that it was a very successful one and many new clubs abounding started for the coming season among them one at Crystal park, another at Wembley park.

Naval Officers Retire. Washington, March 13.—Capt. Wm. H. Pennington, Sixteenth Infantry, U. S. A. has been retired. Chief Engineer A. W. Morely, now at the Brooklyn Navy yard; Srgt. Thomas Owens and Capt. J. C. Nichols, both recently placed on the general list, and Lieut. J. O. Nicholson, U. S. N., has been ordered before the board ring.

Commanders of Marion Charged. Washington, March 13.—A change in the commanders of the Marion, now on her way from Coquimbo to Valparaiso, Chile, has been made. Capt. James G. Greene was directed to relieve Comander D. W. Muller, who was ordered home and granted one month's leave.

Protest Against Confederate Monuments. Minneapolis, Minn., March 13.—The state historical society, which has directed his sick wife out of bed and cut her throat, nearly severing her head from the body. He then cut his own throat, both dying immediately. They leave 11 children. Despondency seems to have been caused by extreme poverty.

Workers for the Panama Canal. Madrid, March 13.—Another lot of laborers have arrived here to work on the Panama canal. The Nicaraguan government has issued a decree ordering that the tax bill was passed by the assembly by a vote of ayes 84, nays 50.

Liquor Tax Bill Passed. Albany, N. Y., March 13.—The Raines liquor tax bill was passed by the assembly by a vote of ayes 84, nays 50.

WRECKED SCHOONER.
The Captain and Crew of the Native Dyer Arrive at Honolulu.

SAN FRANCISCO. March 13.—(Special to the United Press, steamship Alameda.)

Honolulu, March 5.—The steamship Rio De Janeiro arrived here on the 2nd out of coal, 29 days from San Francisco. She had battled 10 days with heavy gales on the northern route, when her coal supply became so low that forced her to make the few hundred miles remaining to Yokohama. She put about for Honolulu, making sail. Before reaching here she had burned her after deck house, topmast, topgallant, and half-ton of coal left. Her course was forwarded on the 3rd via City of Peking. She will sail to-day (March 5) for Yokohama.

Capt. Mochler, and 22 men of the crew, including the captain, Mattie T. Dwyer, arrived safely at Honolulu, March 1. The Dyer sailed from San Francisco, February 2. At 3 a.m., February 22, she struck a reef of French Frigate shoal and sank in ten minutes. The crew were saved by two boats. Three boats with provisions and water were stowed alongside. The crew had no water and only two dozen cans of peaches. After vainly digging for water in a small pool, they sent all for Niihau, 40 miles distant. The captain and mates' boats reached Niihau on the 25th ult. The third boat landed at Kauai on the 28th. Meantime the steamer, having had good wind and weather, picked up the fourth boat on the 29th. The crew were nearly exhausted by hunger and thirst.

U. S. S. Adams arrived March 1. 12 days from San Francisco. U. S. S. Frankland sailed Thursday for San Francisco.

S. S. Minister Willis has announced his intention shortly to leave for a 60-days' furlough at his home.

Princess Kaiulani's pension of \$2,000 a year is likely to be granted by the legislature.

CHICAGO TAILORS

Will Strike.—Every Wednesday cutting and mending.

CHICAGO. March 13.—All the union tailors employed in the city will go on strike Friday to assist the clothing cutters and trimmers who have been seeking to merge with their former employers. The decision of the tailors was reported by the joint executive boards of the unions Wednesday night. The tailors have been willing to join the cutters and trimmers since the first day of the strike, but have been kept from doing so. It is estimated there are 7,500 organized tailors here, but when this union merges with it, there will be 15,000. Many more will join the ranks of the idle the first day, in less than a week it is estimated that from 20,000 to 30,000 men, women, boys and girls, whose garment work depends on the tailors' cutters and trimmers, will be thrown out of work.

The Cutters and Trimmers' union reported that it is the desire of the strikers to merge with the tailors but when this union merges with it, there will be 15,000.

Were it not for whisky traffic fighters wouldn't hit a tick.

Were it not for liquor no chicken would ever wear a gait.

Were it not for rum no horse would ever lay hoof to a race-track.

Were it not for the whisky traffic no gambling would conduct its iniquitous business.

Were it not for the liquor traffic no gilded den of iniquity would lure men to their ruin.

Were it not for the rum traffic no gallows would be erected to break the necks of men created in the image of their Maker.

We arraign the men who have any responsibility or connection with the whisky traffic as promoters of all that is vicious and unvirtuous.

We arraign the men who have any responsibility or connection with the rum traffic from the distiller down to the miserable bar-tenders, as enemies to sobriety, to virtue, to the home, to religion, to their fellowmen and to God.

We arraign every drunk in the land that harbors a man or woman who is directly or indirectly connected with the rum traffic, and that receives a cent of illicit gains at such hands as utterly reveal to its solums voice and unsavory the confidence or regard of men.

William Moffat Reilly of Philadelphia directs that a sum be set apart from his estate for the erection in front of Independence Hall in Philadelphia, a bronze statue of Lafayette, Montgomery, Palatin, St. John, in recognition of their services in the American Revolutionary War. In addition the will directs that statues of Gen. Wayne, Greene, Sumter and Morgan and Capt. Paul Jones be erected in Independence Square.

REV. ZEPHANIAH MEEK, D.D.

Eminent Methodist Divine cured of Nerve Trouble By Paine's Celery Compound.

Rev. Zephaniah Meek, D.D., is a household name all over the South since 1862 he has owned and edited The Central Methodist, the leading paper of the Methodist Episcopal Church in the South. He represented his state at the General Conference.

He was one of the Kentucky Commissioners at the Chicago Columbian Exposition. During his Ministry in the South he has been and addressed the Chapels of the First, Calvary, and Second Baptist Churches of Catlettsburg, Ky., where his home is, as follows:

"I have used several bottles of Paine's Celery Compound for nervous trouble resulting from overwork, and with immediate effect, as well as permanent benefit. It is the best nerve tonic that I have ever tried. It has also been used in my family with great benefit."

Tired out, half sick men and women need something more than a mere rest. They need a positive, unmistakable nerve food; they must have a reserve of nerve force to draw from before their heads will cease to throb and nerves cease to tremble with nervousness.

It is estimated that there are over ten million nerve fibers in the body.

So long as these minute tissues are kept fully nourished, one lives in blissful ignorance of any such thing as neuralgia, headaches, or even a nervous system, but let one become "run-down" and the nutrition of the body gets low, and every one of these myriad fibers becomes a "live wire" within the flesh. Headaches, neuralgia, rheumatism, and other forms of nervousness, especially those of the family called nervous system, Paine's Celery Compound is able to correct this faulty condition. It builds up the nervous system and sustains it. The brain at once feels the strengthening effects of the superb nutriment. There are thousands of men and women today who

have been enabled to keep vigorously at work, who must have given up but for Paine's Celery Compound.

Nervous affections are a warning to you people.

At the earliest sign of reduced nerve force, inability to sleep, languor, or a gloomy habit of mind, everyone should look immediately to the nutrition of their nervous system and to the purity of their blood. Paine's Celery Compound will attend to both of these urgent needs.

It is the best nerve tonic that I have ever tried.
